HERO THE

In business is "a rara avis" --- a scarce article -- and yet there are times in the lives of business men, as of nations, when heroic action is the only remedy for the demands of stern necessity. That time has arrived for us, and, without the slightest hesitancy, we meet the exigency of the hour with a heroism unrequaled in the arena of commerce, by the wholesale and indiscriminate slaughter of prices on our monster stock of matchless outfittings for Men and Boys, by sacrificing on the altar of principle the hopes of profit which we builded on the volume of a year's business, and, by ignoring, absolutely, the claims of invested capital, for we are determined, come what will--sink or swim, survive or perish---not to carry over a dollar's worth of Winter Goods. This decision applies, with equal force, to everything in our store for Men, Youths and Children in Clothing, Hats, Caps and Furnishing Goods. This Great One-Quarter Off Sale will continue until Saturday night, February let; so, if you have not already availed yourself of this grand opportunity to buy first-class merchandise at seventy-five cents on the dollar, you better do so at once, as this sale positively ends Saturday night, February 1st.
